

Pesach Seder Bingo -- Introduction and Info

Chag Sameach! This game was conceived while preparing for our community seder as something to help the young 'uns (and the young 'uns at heart) learn some of the different parts of the Seder, and stay attuned as the Seder unfolds.

Enclosed here are:

- 16 bingo cards, 4x4, each with the squares in a different order.
- 1 card showing all the parts in order (for anyone who wants that as a reference).

You can play by the "rules" printed at the top of each card, or make up your own.

If you have any questions or comments, or need more than 16 cards, please feel free to email me: cantorbernstein@gmail.com.

Have fun!!

B'shalom uv'rachah,

Cantor Sharon
